

APPRENTICESHIP

Apprenticeship: Electronics Technician for Devices and Systems (m/f/d) 2027

You love technology and want to put your practical talent and technical know-how to full use

Herten, Germany

Apprenticeship

2027 training year

You love technology and want to put your practical talent and technical know-how to full use? Then apply now as an electronics technician for devices and systems!

We develop and build process measurement technology and are looking for motivated apprentices who enjoy assembling, installing and maintaining electronic devices.

— What you do with us

- ✓ Building components and devices for measurement and test technology
- ✓ Commissioning and maintaining systems and devices
- ✓ Supporting technicians and engineers with new devices and software
- ✓ Calculating and determining performance characteristics (e.g. sensors, actuators, diodes, transistors and circuits)
- ✓ Soldering as well as mechanical and electromechanical assembly
- ✓ Software configuration
- ✓ Control and adjustment measurements with special equipment
- ✓ Customer service: analysing faults, finding causes and fixing them

— What you bring

- ✓ A successful school-leaving certificate (preferably intermediate secondary level)
- ✓ Technical understanding and interest in electronics
- ✓ Manual skill and a careful way of working
- ✓ Reliability and team spirit

— What we offer you

- ✓ Training in a successful, internationally active company
- ✓ A motivated team that supports you throughout your apprenticeship
- ✓ A modern workshop
- ✓ The chance to contribute your own ideas and work on key projects
- ✓ Good chances of being taken on after successfully completing your training
- ✓ Supplementary company health insurance

- ✓ Flexible structures and working hours
- ✓ Training and development – professional and personal
- ✓ Modern equipment, digital tools and AI training for everyone
- ✓ Flat hierarchies, quick decisions and room for your ideas
- ✓ Free parking with EV charging, good transport links and lots of green
- ✓ Good coffee, healthy snacks and team events
- ✓ A secure job in a forward-looking company

With us you are part of the team right away and take on responsibility from the start. We live sustainable values, innovation, diversity and equality. Start your successful future today – we look forward to meeting you and celebrating successes together!

— How to apply

Upload your CV, answer a few questions – you are done in about five minutes. No cover letter needed.
