

SERVICE & ENGINEERING

Field Service Technician (m/f/d)

External customer service – maintaining, repairing and commissioning gas measuring systems

Herten, Germany

Full-time

as soon as possible

We are looking for field service staff for our site in Herten, Germany, starting as soon as possible. You keep our gas measuring systems running at our customers – on site, on the phone and in training sessions.

— Mastering day-to-day business

- ✓ Servicing, maintaining and repairing our gas measuring systems in the field
- ✓ Analysing and eliminating faults in gas measuring systems on site
- ✓ Phone support for technical questions
- ✓ Documenting the work carried out (software-supported)

— Solving challenging tasks

- ✓ External service and commissioning assignments
- ✓ Service training for customers and service partners

— Digital skills

- ✓ Confident with standard software such as MS Office
- ✓ Confident with our in-house device software for reading out and analysing data (part of your induction)

— Theory and practice

- ✓ Completed technical training as an electronics or mechatronics technician, or an equivalent qualification
- ✓ Qualification as a certified electrician is a plus
- ✓ Ideally experience in a comparable position
- ✓ Confident German, spoken and written
- ✓ English is a plus

— Attitude, personality and self-organisation

- ✓ You are trustworthy, hard-working and loyal; a sense of responsibility is one of your strengths
- ✓ Quality-conscious work and customer focus come first for you
- ✓ You pick things up quickly, think along actively and show empathy

- ✓ You like to work in a structured, independent and self-reliant way
- ✓ You organise yourself and your tasks, contribute to the bigger picture and look beyond your own field – questioning things and acting proactively are explicitly welcome

— What we offer you

- ✓ Performance-based pay
- ✓ A full-time role with variety and responsibility
- ✓ Room for your own ideas and for shaping key projects
- ✓ A respectful and friendly working atmosphere
- ✓ Supplementary company health insurance
- ✓ Flexible structures and working hours
- ✓ Training and development – professional and personal
- ✓ Modern equipment, digital tools and AI training for everyone
- ✓ Flat hierarchies, quick decisions and room for your ideas
- ✓ Free parking with EV charging, good transport links and lots of green
- ✓ Good coffee, healthy snacks and team events
- ✓ A secure job in a forward-looking company

Sounds like your dream job? Then we look forward to your application – tell us how you will move our service forward with enthusiasm for technology and care. Feel free to state your salary expectations.

— How to apply

Upload your CV, answer a few questions – you are done in about five minutes. No cover letter needed.
